SKILLS

- Database Management
- Multimedia and Graphics
- Web Development
- Software Development
- Attention to Detail
- High-speed Typing

ACCOMPLISHMENTS

- Omaze: Inventory Management System using Java
- Design and Implementation of Lexical and Syntax Analyzers Inspired by C and
- Python for a Programming Language
- Pixel Play - C# Ecommerce Windows Application for Game Credits
- Manila Zoo Revamp Website – Figma
- D-Escape: A Proposed Survival Assistance Application for Disaster Risk Reduction Across the Philippines
- Capstone-Intel HRIS Project

EXPERIENCE

Software Development Intern 08/2023 – 09/2023
Capstone-Intel Corporation – Taguig, Manila.

- Responsible for overseeing the HRIS database, which functions as a digital filing system for employee information. Utilized MySQL to store and organize this data.
- Developed a plan for how the system would look and operate. Employed React technology to build a user-friendly and efficient system.
- Collaborated with aggregator sites, which collect information from various sources. Proposed and discovered RSS links for specific domains, linking valuable data sources to our project and helping us obtain the necessary data.

EDUCATION

Computer Science
Polytechnic University of the Philippines – Sta. Mesa

2020
STEM
St. Matthew College – San Mateo, Rizal
